Reasons For Allowance

1. Claims 1-5, 7, and 10 are allowable over the prior art of record.
2. The following is a statement of reasons for the indication of allowable subject matter:
concerning the instant method of controlling the recoil temperature of an aluminum strip, there is no motivation to select the instant strip speed (together with all of the limitations of instant claim 1) from the prior art of record. The examiner acknowledges that not all of the limitations of claims 2, 3, 6, 8, and 9 were added to independent claim 1, however, independent claim 1 is still allowable over the prior art of record.
3. Claims 17-23 are allowable over the prior art of record.

The prior art does not teach or suggest the instant method of controlling the recoil temperature of an aluminum strip, complete with the temperature profile given in independent claim 17, as applied with the presently claimed cooling, controlling, sensing, communicating, varying, etc. steps performed on said aluminum strip substantially as set forth in claim 17. The examiner acknowledges that not all of the limitations of claims 1, 2, 3, 6, 8, 9, and 10 were combined and rewritten as independent claim 17, however, independent claim 17 is still allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
